

Safety Data Sheet in accordance with Regulation (EU) No. 453/2010 and OSHA 29 CFR 1910.1200 HCS

ASTRO-CUT A

1. Identification of the Substance/ Mixture and of the Company/ Undertaking

Product Name: ASTRO-CUT A

Preparation Date: May 7, 2015

Revision Date: March 18, 2024

Recommended Use: Metalworking Fluid

Supplier: MONROE FLUID TECHNOLOGY

36 Draffin Road,
Hilton, NY 14468

Phone: 800-828-6351 585-392-3434

EMERGENCY NUMBERS: CHEMTREC (800) 424-9300
Monroe Fluid Technology (800) 828-6351

2. Hazard Identification

GHS Classification: Skin Sensitizer: Category 1
H317 – May cause an allergic skin reaction.

GHS Labeling:

Symbols:

Signal Word: Warning

Precautionary Statements:

P261: Avoid breathing fumes

P272: Contaminated work clothing should not be allowed out of the workplace

P280: Wear protective gloves/ protective clothing/ eye protection

P302 + P352: If on skin, wash with soap and water

P333 + P313: If skin irritation or rash occurs, seek medical attention immediately

P362 + P364: Take off contaminated clothing and wash it before reuse

P501: Dispose of contents/ container to an approved waste disposal plant

Classification according to Regulation (EC) No. 1272/2008 [CLP/GHS] and OSHA 29 CFR 1910.1200

HCS: Skin Sensitizer: Category 1

Other Hazards Not Classified: No significant hazards

Safety Data Sheet in accordance with Regulation (EU) No. 453/2010 and OSHA 29 CFR 1910.1200 HCS

ASTRO-CUT A

3. *Composition/Information on Hazardous Ingredients* Mixture:

Highly refined mineral oil, emulsifiers and additives.

Chemical Name	CAS Number	Concentration, Wt. %
2,2',2''-(hexahydro-1,3,5-triazine-1,3,5-triyl)triethanol	4719-04-4	Trade secret
Distillates(petroleum), hydrotreated heavy naphthenic	64742-52-5	Trade secret

4. *First Aid*

Inhalation: Avoid breathing fumes. If inhaled, move to fresh air. If victim has stopped breathing give artificial respiration, preferably, mouth to mouth. Contact a physician immediately.

Eyes: Flush with large amounts of cold water for at least 15 minutes. Do not let victim rub eyes. If irritation develops, contact a physician immediately.

Ingestion: Do not induce vomiting. Contact a physician immediately.

Skin: Wear protective gloves/ protective clothing/ eye protection. If on skin, wash with soap and water. If skin irritation occurs, seek medical attention immediately. Wash contaminated clothing before reuse

5. *Fire-fighting Measures*

Suitable extinguishing media: Carbon dioxide, Dry chemical, Alcohol foam

Specific hazards: None

Specific protective equipment and precautions for fire fighters: Use dry chemical, alcohol foam or carbon dioxide. Water may be ineffective but should be used to keep fire exposed containers cool. If a spill or a leak has not ignited, use water spray to disperse the vapors. Water spray may be used to flush spills away from fire.

Perform only those firefighting procedures for which you have been trained. Firefighters should wear self contained breathing apparatus in the positive pressure mode with a full face piece where there is a possibility of exposure to smoke, fumes or hazardous decomposition products.

Unusual Fire and Explosion Hazards: None

Flammability Properties:

Flash point: > = 325°F

Method Used: COC

6. *Accidental Release Measures*

Personal precautions, protective equipment and emergency procedures: Use personal protective equipment. Ensure adequate ventilation.

Safety Data Sheet in accordance with Regulation (EU) No. 453/2010 and OSHA 29 CFR 1910.1200 HCS

ASTRO-CUT A

Environmental Precautions: Do not allow spilled material to enter sewers or streams. If spills are likely to enter any drain, waterway or groundwater, contact the appropriate governmental agency.

Methods and materials for containment: Add dry material to absorb (if large spill, dike to contain). Using recommended protective equipment, pick up bulk of spill and containerize for recovery or disposal. Flush area with water to remove residues.

7. Handling and Storage

Precautions for safe handling: Read label for instructions in use of product. Prevent small spills and leakage to avoid slip hazard. Material can accumulate static charges which may cause an electrical spark (ignition source).

Conditions for safe storage: Store in closed containers in a cool, dry well ventilated area not exposed to sunlight. Maintain closure of bungs. Store at temperatures between 5°C and 30°C. Do not reuse container. Avoid container damage while storing.

Empty containers retain residue (liquid and/or vapor) and can be dangerous. Do not pressurize, cut, weld, bronze, solder, drill, grind or expose such containers to heat, flame, sparks, static electricity or other sources of ignition; they may explode and cause injury or death. Do not attempt to refill containers since residue is difficult to remove. Empty drums should be completely drained, properly bunged and returned to a drum reconditioner. All containers should be disposed of in an environmentally safe manner in accordance with governmental regulations.

8. Exposure Controls/Personal Protection

Control parameters:

Exposure Guidelines:

Distillates(petroleum), hydrotreated heavy naphthenic: TLV: 5 mg/m³ of oil mist

Appropriate engineering controls: Proper protection and controls is dependent upon the potential exposure conditions. No special requirements are needed under ordinary conditions where adequate ventilation is available.

Individual protective measures:

Respiratory protection: General room ventilation should be satisfactory. Exhaust ventilation may be necessary if misting is generated.

Eye protection: If there is a possibility that the product can be splashed into the eyes, then safety glasses with side shields or chemical goggles are required. Contact lenses should also not be worn if the product could be splashed into the eyes.

Hand protection: Chemically resistant gloves are required.

Body protection: If exposure to the skin is anticipated, wear impervious, protective clothing including rubber safety shoes to avoid skin contact.

Safety Data Sheet in accordance with Regulation (EU) No. 453/2010 and OSHA 29 CFR 1910.1200 HCS

ASTRO-CUT A

9. Physical and Chemical Properties

Appearance: Amber Liquid

Odor: Bland Odor

Odor Threshold: N/A

pH @5%: 9.0 +/- 0.3

Melt point/freezing pt: N/D

Initial boiling point and boiling range: >105°C

Flash Point (COC): > = 325°F

Evaporation Rate: N/D

Flammability (Solid, Gas): N/D

Upper/lower flammability or explosive limits: UEL: N/D LEL: N/D

Vapor pressure: N/D

Vapor density: N/D

Relative density: 0.952 +/- 0.01

Partition coefficient n-octanol/water: N/A

Autoignition Temperature: No data available

Decomposition Temperature: N/A

Viscosity: N/D

10. Stability and Reactivity

Chemical stability: Stable at normal conditions

Possibility of hazardous reactions: Not expected and hazardous polymerization will not occur

Conditions to avoid: Strong oxidizers. **Incompatible Materials:** None known.

Hazardous decomposition products: Oxides of carbon, nitrogen and phosphorous.

11. Toxicological Information

Inhalation: Inhalation of vapors or mist may be irritating to respiratory passages

Skin: May cause an allergic reaction

Eyes: Contact may cause irritation

Oral: Small amounts ingested incidental to normal handling are not likely to cause injury; larger quantities ingested may cause injury.

Systemic (other target organ) Effects: None known

Teratology (birth defects): None known

Reproductive Effects: None known

Mutagenicity (effects on genetic material): None known

Carcinogenicity: IARC: NO NTP: No OSHA: No

Safety Data Sheet in accordance with Regulation (EU) No. 453/2010 and OSHA 29 CFR 1910.1200 HCS

ASTRO-CUT A

12. Ecological Information

Persistence and degradability: Ecological data is not available.

13. Disposal Considerations

Disposal methods: Dispose of in accordance with federal, state and local regulations

Precaution for disposal: All recovered material should be packaged, labeled, transported and disposed or reclaimed in conformance with Good Engineering Practices. Comply with all applicable governmental regulations. Avoid land filling of liquids. Reclaim where possible.

14. Transport Information

US DOT: Not regulated by the US DOT

RID/ADR: Not regulated by RID/ADR

IMO: Not regulated by IMO

IATA: Not regulated by IATA

15. Regulatory Information

US TSCA: In compliance with the inventory

Canada DSL: In compliance with the inventory

Cal. Prop. 65 This product does not intentionally contain any chemicals known by the State of California to cause cancer and/or birth defects. Moreover, we do not routinely analyze its products for impurities which may be such chemicals.

SARA (313) TOXIC RELEASE INVENTORY: This material contains no chemicals subject to the supplier notification requirements of the SARA 313 Toxic Release Program.

VOC Content (SCAQMD ASTM 1868-10) : <100 g/l concentrate; <10 g/l at maximum recommended dilution of 10%.

16. Other Information

Special Precautions to be Taken in Handling and Storage:

Normal precautions common to good manufacturing practices should be followed in handling and storing. Store away from food. Wash hands before eating, drinking or smoking. Use as directed.

Disclaimer: This document has been prepared in good faith and from information provided to us by our suppliers and other sources considered to be reliable. No warranty, express or implied is given. The buyer is responsible to evaluate all available information when using this product for any particular use. The buyer is also responsible for complying with all Federal, State, Provincial, and Local Laws and regulations when using this product.
