### Features

- The blade release system built in the comfortable handle makes it easy and safe to change the slim blades without the blades falling out.
- The blades are 30% slimmer than the blade of a regular insulated screwdriver for better accessibility and more applications such as sunken screws and spring elements.
- For working on live equipment up to 1000 volts.
- Complete with roll up pouch with clear 1000v indication
- IEC 60900 compliant
- Blades furnished in 2-packs

808061

The blade release system built in the comfortable handle makes it easy and safe to change the slim blades without the blades falling out. The blades are 30% slimmer than the blade of a regular insulated screwdriver for better accessibility and more applications (e.g. sunken screws and spring elements). a must have tool for electricians.

### RATCHETING

The 808060 has a 48 tooth non-conductive ratcheting mechanism
