

## GSG10NITXLMA

Clean & Sterile Nitrile RABS / Isolator  
Sleeve / Glove System

# Clean & sterile nitrile RABS / isolator sleeve / glove system with enhanced flexibility and cleanliness

**Port size:** 203mm/8"

**Full assembly length:** 995mm  $\pm$  30 mm  
(Target: 995 mm)

- **Integrated system:** GSG10NITXLMA contain nitrile sleeve attached to an ambidextrous L-size PCP glove (BioClean™ S-BFAP) via a channel and O-ring
- **Specialized protection:** ASTM D6978-05 tested for safe handling of chemotherapy drugs
- **Reduced contamination risk:** 100% visual inspection to minimize contamination and ensure full hand and arm protection
- **Enhanced features:** Autoclave-compatible (sleeve only) at 121°C for 30 minutes (15 cycles per internal testing) & resistant to VHP and IPA

*For cleaning of isolators with other disinfectants or disinfection method, users should conduct evaluation at their discretion for compatibility or seek Ansell consultation.*

## KEY FEATURES & BENEFITS

- **ASTM D6978-05-tested:** Certified for the safe handling of chemotherapy drugs
- **ISO 4 cleanroom-processed:** Excellent cleanliness levels
- **Sterility Assurance Level (SAL) of 10<sup>-6</sup>:** Sterile hand protection product

## Industries

- Pharmaceutical Manufacturing
- Laboratory Research and Development
- Raw Material and Preparation
- Biotechnology Manufacturing
- Sterile Processing Department
- Semiconductor manufacturing

| Packaging Overview                     | <p>One system – consisting of sleeve, size 8.0-8.5 ambidextrous glove and channel ring/O-ring assembly packed in inner PE bag; One system – consisting of sleeve, size 8.0-8.5 ambidextrous glove and channel ring/O-ring assembly packed in inner PE bag; two inner bags (two systems) packed per outer PE bag; 10 outer bags (20 systems) per lined cardboard box.</p> <p><b>More sustainable packaging:</b> These gloves are packed in recyclable plastic packaging* and delivered in recycled cardboard shipper cases.</p> <p>*Inner wrap, pouch, bag and liner are made from polyethylene (PE) based film. Always check your local recyclable status as these materials may not be considered suitable for recycling in your location.</p> |
| Storage Instructions                   | Keep away from direct sunlight; store in a dry place and keep in the original packaging. Keep away from ozone sources. If products are properly stored, as indicated, they won't lose their performances or change characteristics significantly. If products could be affected by ageing or storage, the expiry date is mentioned on the packaging materials.                                                                                                                                                                                                                                                                                                                                                                                  |
