

MSA Cairns® Leather Fire Helmets

WHEN YOU GO IN, WE GO IN WITH YOU.

Quality Craftsmanship

Since 1836, MSA Cairns leather fire helmets have retained the same authentic look and quality relied on by firefighters for generations. Each leather helmet is individually handcrafted and ready to provide years of dependable service. MSA Cairns Leather Fire Helmets are the iconic symbol of pride in the fire service.

Handcrafted with Meticulous Detail

- The New Yorker N5A and Houston N6A shells are hand-constructed of 100% top-grain steer hide¹ and impregnated with a natural resin system, which is sealed and over-coated with a colored high-luster finish.
- The crown is hand-sewn to the one-piece brim section. Showing attention to detail in every stitch, the brim is embossed with the Original fire service vine pattern.

- The thermal impact liner is then installed within the leather crown. The thermal impact liner dramatically increases the levels of protection where you need it most.
- The Cairns six-way overhead strap suspension system reduces shock transmission while providing a deep, comfortable fit.
- Removable/washable soft goods are standard on every MSA Cairns Leather Fire Helmet.²

¹ All MSA Cairns leather fire helmets shells are 100% top-grain steer hide.

² Only available on MSA Cairns leather helmets ordered after August 1, 2018.

A Growing Legacy

MSA Cairns Leather Fire Helmets are not only handmade to preserve the tradition as a fire service icon, but also engineered with a safety-first approach. The updates over the years preserve the character of the leather fire helmet while helping to improve safety:

① NFPA-compliant Bourkes

Combining the traditional look of Bourkes that were invented in the 1960s with modern materials, the NFPA compliant Bourkes satisfy the eye/face protection requirements as prescribed by NFPA-1970:2025, Standard on Protective Ensembles for Structural Fire Fighting and Proximity Fire Fighting. In addition to being compliant to NFPA-1970:2025, the NFPA-compliant Bourkes are also compliant to ANSI/ISEA Z87.1:2015 as an impact protector (Z87+).

To get your NFPA-compliant Bourkes order P/N 10194911 (NFPA-compliant Bourkes Lens and Hardware Kit for MSA Cairns Leather Helmets).¹

Leather Helmet Soft Goods

③ Removable Washable Chin Straps

In 2018, MSA Cairns led the industry by offering removable and replaceable soft goods for all structural firefighting helmets. Beginning January 2, 2020, and to maintain alignment with cancer prevention directives recommended by the Firefighter Cancer Support Network (FCSN), MSA Cairns will offer removable, replaceable and washable chinstraps.

Replaceable Chinstraps available for Leather Helmets:

Part Number	Chinstrap with QRB and Postman's slide	N5A and N6A
 10204155	2 pt (20.5" long)	■
10207044	2 pt (28" long)	■
10204160	4 pt (20.5" long)	■

PN 10204155 is stocked in the Pittsburgh warehouse and available on the  program.

¹ The Bourkes does not affect the compliance of the helmet as shipped from the MSA factory.

² The MSA Cairns Leather Fire Helmet washable soft goods are NOT able to be retrofit into leather fire helmets manufactured before August 1, 2018.

MSA Cairns Leather Helmets

4 Bronx Bend

Get the historical “rolled” brim style direct from the MSA fire helmet factory. Both the MSA Cairns N5A New Yorker (OSHA compliant) and the N6A Houston (NFPA 1970 compliant) are now available with a Bronx Bend (large and medium sizes). All Bronx Bend options come complete with one of three removable soft goods options, and your choice of eye protection¹ (including NFPA-compliant Bourkes).

5 Boston Bend

Looking for the classic “flat” brim style made popular in New England? Both the MSA Cairns N5A New Yorker (OSHA compliant) and the N6A Houston (NFPA 1970 compliant) are now available with a Boston Bend (large and medium sizes). All Boston Bend options come complete with one of three removable soft goods options, and your choice of eye protection¹ (including NFPA-compliant Bourkes).

Note:

All MSA Cairns Leather Fire Helmets with Traditional, Bronx, and Boston Bends are “hand shaped,” including the “bends.” Due to “hand-forming” the bends, no two helmets will be exactly the same.

¹ Traditional Bourkes (non-NFPA compliant) are not available on the N6A Houston for products manufactured after August 1, 2018.

⑥ Leather Presentation Helmets

MSA Cairns offers two “Handmade” Leather Presentation Fire Helmets in both 8 Brim, “G5A Presentation,” and a 64 Brim, “G64 Presentation.” The G64 and G5A both offer the option of a 6” Carved Brass Eagle or a 8” Carved Brass Parade Eagle.

More than You Pay for: 10-Year Warranty

We know, as do firefighters, that MSA Cairns Helmets are the most durable products on the market. We back up that claim with a 10-year lifetime warranty that the product will be free from defects in materials and/or faulty workmanship.¹ When you factor in the quality, ease of maintenance and unique safety features found ONLY in MSA Cairns Helmets, it's easy to see why firefighters are loyal to the MSA Cairns brand.

¹For MSA Cairns Fire Helmet Warranty details please see www.MSAafety.com. 10-year warranty applies to helmets manufactured on or after January 1, 2015.
