

680 Safety Trax®

Slip resistant pads designed to increase friction and provide safe walkways

Safety Trax® are slip resistant pads that can be affixed to surfaces to increase friction and provide a safer pathway. The top surface is embedded with silicon carbide particles for aggressive traction especially in areas where there are inclines or ramped walkways. Pressure adhesive backing allows for easy “peel and stick” installation. Recommended for ramps, inclines, walkways, stair treads, trailers, shipdecks. Apply only to clean, dry surfaces.

- Slip resistant pads are affixed to surfaces to increase friction providing a safer pathway
- Top surface is embedded with silicon carbide particles
- Pressure adhesive backing allows for easy "peel and stick" installation

Roll Sizes	2"x60', 4"x60', 6"x60'
Colors	 Black
Product Group	Ergonomic, Anti-fatigue & Safety Matting
Sales Tip	Be certain that primary surface area is completely dry and clean before applying the "peel & stick" backing.
Product Weight sqft in lbs	0.15
Reach	Not REACH Compliant
