DRUM PROPORTIONER

The ValCool Drum Proportioner combines 30+ years of industry expertise and all the best features we have to offer. The ValCool Drum Proportioner is versatile and durable, featuring patented technology for dilution control.

You can eliminate dilution variance and ensure your customers are never using too much or too little chemical. You will always be dispensing just the right amount!

The ValCool Drum Proportioner comes with all of your favorite features:

- 1-5 GPM flow rate options
- New, expansive workspace to easily route tubes
- Easy, tool-free maintenance
- E-Gap options to satisfy regulatory standards
- Flexibility to produce machine ready coolant or coolant make-up at the push of a button
