SCRUBS® INSECT SHIELD™ INSECT REPELLENT WIPES

30% DEET

SCRUBS® INSECT SHIELD™ Insect Repellent Wipes feature an insect Repellent formula combined with a large, lint-free 8" x 10" wipe. The 30% DEET insect Repellent formula provides a safe, yet highly effective level of protection. Each individually wrapped wipe allows for a one-step, controlled application making it safer than aerosol and pump sprays to use around the face (avoiding the eyes) with no worry of inhaling mist or vapors. Once applied, the formula is waterproof and grease-less so it won't interfere with activities or tasks. Individual packaging makes these wipes convenient to take along and easy to store.

APPLICATIONS:

Biting Flies	Mosquitoes
Chiggers	Ticks
Fleas	

- 30% DEET.
- Easy application.
- Non-greasy.
- Waterproof Formula.
- Long Lasting Protection.

MSA **V-GARD C1 HARD HAT**
The Safety Company Cooling Hard Hat

- Uses patent-pending ReflectIR Thermal Barrier technology to keep the inside of the hard hat up to 20°F (11°C) cooler in sunny weather, making it the coolest hard hat on the market compared to those without ReflectIR.
- Full brim provides additional shade and sun protection.
- Optional large vents with strategic placement.
- Premium moisture-wicking sweat band with breathable foam padding.

Patent-Pending ReflectIR™ Thermal Barrier Technology
Keeps the hard hat interior up to 20°F (11°C) cooler.

Moisture-Wicking Sweat Band
Premium sweat band wicks moisture, keeping the user drier and more comfortable. The sweat band can be easily removed to be laundered or replaced to help maintain hygiene.

Optional Vents for Increased Air Flow
Strategically placed vents provide significant air flow.

Increased Sun Protection
Full Brim provides 12% more coverage for increased shade compared to any other full brim V-Gard® Hard Hat.

PORTABLE GENERATORS

GENERAC GP2500i PORTABLE INVERTER GENERATOR WITH COsense TECHNOLOGY

2,500 Starting Watts • Gasoline • 49 State Complaint

The GP2500i inverter generator provides outdoor enthusiasts with a portable power solution designed for a variety of open-air festivities, providing the stable power you need without disturbing neighbors or surrounding wildlife. Using TruePower™ Technology, the GP2500i produces the clean power required by a variety of sensitive electronics, tools and appliances. Compact and fully-enclosed, its lightweight design makes transportation easy, and its Economy mode feature also reduces fuel consumption rates and noise emissions to operate quietly for extended periods of time. Whether you're tailgating for the big game, or simply want to enhance your campsite experience without disrupting the environment around you, Generac's GP2500i inverter generator is right for you.

- Quiet and neighbor friendly, fully enclosed design dramatically reduces noise levels
- TruePower™ Technology: provides clean, stable power ideal for sensitive electronics, tools and appliances
- COsense Technology: STOPS ALERTS SAVES Powerful protection against hazardous carbon monoxide
- Compact and Lightweight: makes transportation easy with built-in handle
- Economy Mode: automatically adjusts engine speeds to save fuel and reduce sound emissions
- Integrated Off/Run/Choke Knob simplifies startup procedures
- LED Indicators alert you when unit is low on oil, overloaded or ready-to-use
- USB ports to charge mobile devices
- Parallel Ready: allows you to connect two GP2500i inverter generators for twice the power (parallel kit sold separately)
- Low-Oil Pressure Shutdown: automatically safeguards engine from damage
- Covered outlets provide added protection from the environment

SPECIFICATIONS:

• Run Time Half Load	4.5 hours
• Wattage	2,200 Running Watts
• Start Type	Recoil
• Tank Capacity	1 Gallon
• Power/Fuel Type	Gasoline
• Oil Capacity	0.36 Quarts
• Engine Type	OHV
• Engine Size98cc
• Noise (dBA)	63.5 dB
• Weight	48 lbs.

GENERAC GP3300i PORTABLE INVERTER GENERATOR WITH COsense TECHNOLOGY

3,300 Starting Watts • Gasoline • 49 State Complaint

The Generac GP3300i inverter featuring advanced PowerRush technology delivers over 50 percent more starting capacity for your RV essentials and other motor-driven equipment—so you can do more with less. (Increases electrical current upon demand; above rated output when starting electric motors) The GP3300i features duplex outlets, a 30A twistlock outlet and USB ports for easy connection and quiet inverter power, perfect for outdoor activities in a compact and lightweight solution.

- PowerRush Advanced Technology: delivers over 50% more starting capacity allowing you to do more with less (increases electrical current upon demand above rated output when starting electric motors).
- TruePower™ Technology: provides clean, stable power ideal for sensitive electronics, tools and appliances.
- COsense Technology: STOPS. ALERTS. SAVES. Powerful protection against hazardous carbon monoxide.
- Easy to Carry: compact & lightweight design with built-in handle makes transportation easy.
- Quiet Inverter Power: reduces sound emissions and provides optimal performance.
- PowerDial Choke, Run, Off: three operation settings integrated into one simple-to-use dial.
- Economy Mode: automatically adjusts engine speeds to save fuel and reduce sound emissions.
- USB ports to charge mobile devices.
- Parallel Ready: allows you to connect two GP3300i inverter generators for twice the power (parallel kit sold separately).
- Generator Status Lights: visual alerts when unit is low on oil, overloaded or ready to use.

SPECIFICATIONS:

• Run Time Half Load	4.5 hours
• Wattage	2,500 Running Watts
