ALL ITEMS STOCKED &
READY TO SHIP!

Generac's portable power products let you take your power with you, wherever you want to go. From the smallest power inverters to 17,500 watt portable generators— among the largest available, Generac has the portable generator for your needs.

GENERAC GP2500i PORTABLE INVERTER GENERATOR WITH COsense TECHNOLOGY 2,500 Starting Watts • Gasoline • 49 State Complaint

The GP2500i inverter generator provides outdoor enthusiasts with a portable power solution designed for a variety of open-air festivities, providing the stable power you need without disturbing neighbors or surrounding wildlife. Using TruePower™ Technology, the GP2500i produces the clean power required by a variety of sensitive electronics, tools and appliances. Compact and fully-enclosed, its lightweight design makes transportation easy, and its Economy mode feature also reduces fuel consumption rates and noise emissions to operate quietly for extended periods of time. Whether you're tailgating for the big game, or simply want to enhance your campsite experience without disrupting the environment around you, Generac's GP2500i inverter generator is right for you.

- Quiet and neighbor friendly, fully enclosed design dramatically reduces noise levels.
- TruePower™ Technology: provides clean, stable power ideal for sensitive electronics, tools and appliances.
- COsense Technology: STOPS. ALERTS. SAVES. Powerful protection against hazardous carbon monoxide.
- Compact and Lightweight: makes transportation easy with built-in handle.
- Economy Mode: automatically adjusts engine speeds to save fuel and reduce sound emissions.
- Integrated Off/Run/Choke Knob simplifies startup procedures.
- LED Indicators alert you when unit is low on oil, overloaded or ready-to-use.
- USB ports to charge mobile devices.
- Parallel Ready: allows you to connect two GP2500i inverter generators for twice the power (parallel kit sold separately).
- Low-Oil Pressure Shutdown: automatically safeguards engine from damage.
- Covered outlets provide added protection from the environment.

SPECIFICATIONS:

• Run Time Half Load	4.5 hours
• Wattage	2,200 Running Watts
• Start Type	Recoil
• Tank Capacity	1 Gallon
• Power/Fuel Type	Gasoline
• Oil Capacity	0.36 Quarts
• Engine Type	OHV
• Engine Size98cc
• Noise (dBA)	63.5 dB
• Weight	48 lbs.

GP3300i PORTABLE INVERTER GENERATOR WITH COsense TECHNOLOGY

3,300 Starting Watts • Gasoline • 49 State Complaint

The Generac GP3300i inverter featuring advanced PowerRush technology delivers over 50 percent more starting capacity for your RV essentials and other motor-driven equipment-so you can do more with less. (Increases electrical current upon demand; above rated output when starting electric motors) The GP3300i features duplex outlets, a 30A twistlock outlet and USB ports for easy connection and quiet inverter power, perfect for outdoor activities in a compact and lightweight solution.

- PowerRush Advanced Technology: delivers over 50% more starting capacity allowing you to do more with less (increases electrical current upon demand above rated output when starting electric motors).
- TruePower™ Technology: provides clean, stable power ideal for sensitive electronics, tools and appliances.
- COsense Technology: STOPS. ALERTS. SAVES. Powerful protection against hazardous carbon monoxide.
- Easy to Carry: compact & lightweight design with built-in handle makes transportation easy.
- Quiet Inverter Power: reduces sound emissions and provides optimal performance.
- PowerDial Choke, Run, Off: three operation settings integrated into one simple-to-use dial.
- Economy Mode: automatically adjusts engine speeds to save fuel and reduce sound emissions.
- USB ports to charge mobile devices.
- Parallel Ready: allows you to connect two GP3300i inverter generators for twice the power (parallel kit sold separately).
- Generator Status Lights: visual alerts when unit is low on oil, overloaded or ready to use.

SPECIFICATIONS:

• Run Time Half Load	4.5 hours
• Wattage	2,500 Running Watts
• Start Type	Recoil
• Tank Capacity	1.06 Gallon
• Power/Fuel Type	Gasoline
• Oil Capacity	0.36 Quarts
• Engine Type	OHV
• Engine Size	149cc
• Noise (dBA)	58.5 dB
• Weight	59.5 lbs.

iQ3500 PORTABLE INVERTER GENERATOR COsense TECHNOLOGY

3,500 Starting Watts • Gasoline • 49 State Complaint

The iQ3500 portable inverter generator lets you bring power wherever you go - from tailgating parties to camping trips, the jobsite and beyond. The durable, yet lightweight design is specifically engineered for easy portability. The intuitive PowerDial integrates the start, run and stop functions into one simple-to-use dial, along with Electric Start (battery included) capability, all conveniently located for quicker startup. Select from two engine speeds, depending on your need, to significantly reduce noise and fuel consumption, or to maximize power response. Inverter generators utilize a different type of alternator than standard generators to generate AC power. The end result is a portable generator with reduced weight and size and power that is ultra-clean and capable of safely powering sensitive electronics and tools.

- Ultra-Quiet: advanced inverter technology and enclosure design provide optimal quiet performance.
- PowerRush Advanced Technology: delivers over 50% more starting capacity allowing you to do more with less (increases electrical current upon demand above rated output when starting electric motors).
- COsense Technology: Stops, Alerts, Saves. Powerful protection against hazardous carbon monoxide.
- Ideal For Work Or Play: durable steel enclosure, clean inverter power and easy portability make this the ideal generator for jobsites or recreational activities.
- Digital Smart LCD: digital Wattage Meter, Run Time Remaining Display, Generator Status, Hour Meter and Fuel Level
- 30a Twist Lock Outlet: reduced noise and fuel consumption.
- Economy Mode: allows for connection of two inverter generators for twice the power.
- Parallel-Ready: allows you to connect two iQ3500 inverter generators for twice the power (parallel kit #7668 sold separately).

GP3600 PORTABLE INVERTER GENERATOR WITH COsense TECHNOLOGY

4,500 Starting Watts • Gasoline • 49 State Complaint

The 3,600-Watt Generac GP3600 portable generator can be used to tackle home projects, provide power for tools, or deliver essential electricity in the case of an outage. It is an especially affordable solution with premium features. These include PowerRush Advanced Technology - delivering over 40% more starting capacity (increases electrical current upon demand above rated output when starting electric motors). Featuring an OHV engine for longer engine life, a large-capacity steel fuel tank with an incorporated fuel gauge for durability, hardened steel tube cradle for added strength, plus low-oil level shutdown that protects your engine from damage.

- PowerRush Advanced Technology: delivers over 50% more starting capacity allowing you to do more with less (increases electrical current upon demand above rated output when starting electric motors).
- COsense Technology: STOPS. ALERTS. SAVES. Powerful protection against hazardous carbon monoxide.
- Generac's OHV engine: with splash lubrication provides a long engine life.
- Low-Oil Pressure Shutdown: automatically safeguards engine from damage.
- Large Capacity Fuel Tank: with incorporated fuel gauge provides durability and long run times.
- Hardened Steel Tube Cradle: for added strength and durability.
- Heavy-Duty, Never-Flat Wheels: allow for easy portability (handle and wheel kit included).
- Fold-down handle: for sturdy portability and compact storage (handle and wheel kit included).

SPECIFICATIONS:

• Run Time Half Load	9.3 hours
• Wattage	3,600 Running Watts
• Start Type	Recoil
• Tank Capacity	3.7 Gallon
• Power/Fuel Type	Gasoline
• Oil Capacity	0.63 Quarts
• Engine Type	OHV
• Weight	105 lbs.

GP15500EFI PORTABLE INVERTER GENERATOR WITH COsense TECHNOLOGY

19,300 Starting Watts • Gasoline • 49 State Complaint

From emergency home backup to DIY projects to the jobsite, the Generac GP15500EFI portable generator provides high wattage, dependable portable power. Equipped with an 816cc engine with Electronic Fuel Injection, the GP15500EFI delivers power efficiently, providing up to 11 hours of runtime at 50% load. TruePower™ Technology safely powers sensitive electronics, appliances and tools while onboard COsense Technology provides powerful protection against hazardous carbon monoxide. The GP15500EFI also features electric start (battery included), low-oil shutdown protection, circuit breaker protected outlets and an hour meter with maintenance resets. The included never-flat wheel kit and available lifting eye accessory make transportation easy around the home or jobsite

- COsense Technology: STOPS. ALERTS. SAVES. Powerful protection against hazardous carbon monoxide.
- Generac 816cc EFI Engine: delivers the right amount of power to get the best performance and efficiency out of your engine.
- TruePower™ Technology: with less than 5% THD, safely powers sensitive electronics and tools.
- Low-Oil Pressure Shutdown: automatically safeguards engine from damage.
- Large Capacity Fuel Tank: with incorporated fuel gauge, provides durability and extended run times.
- Homelink Manual Transfer Switch Compatible: when paired with a manual transfer switch, the GP15500EFI is powerful enough to provide whole home backup and is a great alternative to a Home Standby Generator.
- Hardened 1-1/4" Steel Tube Cradle: for added strength and durability.
- Hour Meter: tracks maintenance intervals.
- Heavy-Duty, Never-Flat Wheels: for reliable portability.
- Electric Start: battery included, provides hassle-free start-up.

SPECIFICATIONS:

• Run Time Half Load	11 hours
• Wattage	15,500 Running Watts
• Start Type	Electric
• Tank Capacity	14.2 Gallon
• Power/Fuel Type	Gasoline
• Oil Capacity	2.2 Quarts
• Engine Type	OHVI
• Noise (dBA)	82.5 dB
• Weight	420 lbs.

GENERAC **GB1000 PORTABLE POWER STATION**
3,200 Starting Watts • Solar • 50 State Complaint

From camping trips to tailgate parties, the jobsite to power outages- the battery powered GB1000 Portable Power Station provides clean, quiet, emission-free electricity, giving you the power to make moments into memories. Enjoy indoor-outdoor energy with no gas, no odors and no loud motors. The GB1000 can power a wide range of electronics, such as phones, refrigerators, sump pump, laptops, drone batteries, power tools and more, featuring integrated AC and 12V DC outlets, and a 15W wireless charging pad.

- Clean, Emission-Free, Portable Power: take it with you wherever you go, indoors or out.
- Versatile Fast Recharging: recharge from 0-80% in 2.1 hours from a wall outlet (GB1000). Also supports input from solar, car and generator. Combine charging methods for even faster recharge times.
- Compact, Durable Design: lightweight and easy to use with durable enclosure, ergonomic handle, and on-board storage.
- Wireless Charging Pad: 15W wireless charging for compatible devices.
- Large Multi-Color 4.7" Display: view charge level, remaining runtime and other key info at-a-glance.
- Fast Solar Charging with Built-In MPPT Controller: no controller accessory needed. Solar panels sold separately.
- Available Accessories: get even more out of your Generac Portable Power Station with the available 200W and 450W Charge Enhancers, 30A Paralleling Kit and 100W Solar Panel accessories. Each sold separately.

8 Output Ports

2X USB-A, 2X USB-C, 3X AC, 1X 12V DC

GENERAC **GP7500E DF PORTABLE DUAL FUEL, GENERATOR WITH COsense TECHNOLOGY**
7,500 Watts (Gas) / 6800 Watts (LP) • Gasoline & Propane • 49 State Complaint

Featuring Dual Fuel functionality, the GP7500E DF is capable of running on either gasoline or an LP gas fuel source with the turn of a dial. The GP7500E Dual Fuel features a steel frame and a compact design with integrated wheels and handle that makes transportation easy. With 9,400 starting watts and 7,500 running watts (Gas), this generator is powerful and versatile enough to power tools for your next DIY project & provide emergency backup power in the case of an outage. The GP7500E Dual Fuel is equipped with features that make using the generator easy. The simple to use Dual Fuel Dial offers the choice of operating with gasoline or LP gas. Onboard COsense technology provides powerful protection from hazardous carbon monoxide. The 420cc Generac OHV engine provides consistent power for multiple applications while a 7.9 gallon fuel tank delivers up to a 10 hour runtime at 50% load (Gas).

Dual-Fuel:
Choose Gasoline Or Propane!

- Dual Fuel: runs on gasoline or liquid propane fuel (AC Rated Output Running Watts 7,500 (Gas) / 6,800 (LP); AC Maximum Output Starting Watts 9,400 (Gas) / 8,500 (LP))
- COsense Technology: STOPS. ALERTS. SAVES. Powerful protection against hazardous carbon monoxide.
- Electric Start: provides reliable, hassle free startups (battery included).
- PowerRush Advanced Technology: delivers over 50% more starting capacity allowing you to do more with less (increases electrical current upon demand above rated output when starting electric motors).
- Generac 420cc EFI Engine: with splash lubrication - provides a long engine life.
- Large Capacity Steel Fuel Tank: with incorporated fuel gauge provides durability and up to an 10 hour run-time at 50% load on gasoline and 5 hour run-time at 50% load on LP using a 20 lb tank.
- Propane compatibility allows the unit to run on a 20 lb LP tank (not included).
- Fuel source selector allows the unit to switch seamlessly between fuel types to prevent unit shutdown.
- Homelink Manual Transfer Switch Compatible: when paired with a manual transfer switch, the GP15500EFI is powerful enough to provide whole home backup and is a great alternative to a Home Standby Generator.
- Low-Oil Pressure Shutdown: automatically safeguards engine from damage.
- Hour Meter: tracks maintenance intervals.
- Heavy-Duty, Never-Flat Wheels: allow for easy portability.
- Fold-down locking handle for sturdy portability and compact storage.
